## Arts & Crafts and Creative Arts Childrens' Program.

### Pauline Hague:

Pauline is a retired teacher, who taught for 17 years in the Dudley-Charlton School system. She is a graduate of Worcester State College and has her master's in education and a minor in art. She is a life long crafter who enjoys knitting and crocheting, computer aided scrapbooking, photography and cooking. But her favorite craft, by far, is decorative painting. She has attended many workshops and seminars on the subject, and has been painting for 40 years.

Look for workshops on painting on wood, glass and fabric, coming this fall at the community center.

Call: 1-508-248-9824 or prh67@charter.net

### Dezeree Delanski

Creative Arts Instructor:

Dezeree is an artist, crafter, and photographer. She graduated from the New Hampshire Institute of Art in 2007 with a Bachelor of Fine Arts degree. Although not from Charlton, Dezeree has worked the last seven years at a local box/craft store (which is now closed). She has always been creative and has found it rewarding to make something and call it her own.

Dezeree was approached by the community Center and asked to come up with a new summer arts program for kids and young teens. The program was formed around the sole idea that each and every child has the opportunity to enter the door and feel the urge to create and expose themselves to new ideas. So far, her plan has worked..

This Fall the Creative Arts Program will be offering an after-school program fo children ages 5-12 and will run for 14 weeks starting Sept. 13th. Applications are now available at the center. Space is limited, so please sign up as soon as possible.

Volunteer helpers are needed to assist Dezeree.

Call 1-413-768-8083 or dezereelynd@aol.com

## Our Mission...

The Charlton Arts and Activities Center is a place for young and old to gather in a learning and creating environment. The facility is stress-free and fosters a feeling of artistic expression..

**ART CLASSES** to help one see the world with a different set of eyes. Learn how to appreciate a sunset, see the dew on a flower, or notice the variety of blue tones on a cloud free sky.

**THE STORE** to help local artists and crafters to sell their many varied products.

**THE COMMUNITY BUILDING** where all groups can afford to meet in a warm country atmosphere. Also, a great place to have a party close to home.

We are just beginning and all of our programs are new and growing. If you have an interest in running a workshop or teaching a class, please contact Pauline at 1-508-248-9824.

## Our Gift Shop..

The Gift Shop (known as the Bittersweet Craft shop) is located in the red barn section of the Charlton Community Center. Three sisters, that are crafters, run the shop known as "Bittersweet Crafts.. Their specialties are wood crafts which are all hand-cut and painted, Crochet items by Jeannette ranging from baby Afghans, and painted slates by Hazel, which can be personalized with your name. Many local crafters are also represented. Jewelry is offered by Pat, Carol. Arrangements by Judy and folk art by Pauline are also available.

Come and find that unique gift for family and friends The shop is open Tuesday through Saturday.
