BOARD OF HEALTH

December 6, 2017

MARIJUANA REGULATIONS

1. No medical marijuana dispensary can operate in the city without first obtaining a license issue annually by the Board of Health. Also, no license shall be issued unless the operator of the dispensary has the approval of the state Department of Public Health and has signed a host agreement with the city.
2. The siting of medical marijuana dispensaries is prohibited within 500 feet of a school, day care, public library, park or playground.
3. Operators must consent to unannounced, periodic inspection of the dispensaries by the Police Department, Fire Department, Division of Public Health and Department of Inspectional Services to ensure they are operating in compliance with all local regulations and any other applicable laws or regulations.
4. Operators must submit quarterly data reports to the Board of Health, as well as provide updated information on operation procedures.
